We all manage to play by the rules of polo and now we are asking that you observe, just as strictly, our rules of COVID-19 polo. The Club is permitting modified play based on the assurance a member makes to the Club and to each other in this document. The Club appreciates and expects your cooperation to open the Club for riding and polo, and to continue to have the Club available for this purpose. Accordingly, you agree to observe and fully abide by all rules and regulations prescribed by the Club including the rules set forth above. Any failure in this regard will result in disciplinary actions.

As you are aware, the virus can be transmitted by asymptomatic individuals and accordingly the statements made by members contained in this document cannot provide certainty that the virus will not be transmitted. The Club is taking prudent steps to impose and enforce appropriate protocols to keep members and employees safe, but there can be no assurance that the virus will not be contracted by members. This is a risk that each member must assess themselves, and if they choose to play, to take the risk of either contracting the virus or transmitting it to others.
